

PARENTS & CARERS TESTIMONIALS

- *'A difficult task, very well executed. Excellent service & a leader in the field. Keep it up you are doing a wonderful job'*
- *'My sister & I are extremely happy with the care -- is receiving, she has made such a vast improvement in the last 5 months, she is much happier now. also we appreciate the dedication of the staff who cared for - when she was poorly & visited her in hospital and to -- who sat with her to the end'*
- *'My wife and other members of the family have been & are delighted by the standard of care & attention that - receives - he has been very happy indeed since he was accepted at - many years ago. i would like to thank management & especially the house & key staff'*
- *'Having seen my uncle a couple of times at the home, I am very happy to see how well looked after he is. he would certainly complain if he wasn't happy, thank you for the good work'*
- *'--'s care is very complicated and although there has been a few hiccups since he moved last Oct, his care & welfare are top priority for his carers. They all tell me how much they enjoy looking after him & they see - first and not his medical condition. - & I are really pleased with how well he has settled in & how much we are still involved in his care and life.*
- *'I don't think i could actually be any happier with the progress my sister has made since she moved into shared approach accommodation. It's like she has started her life again. She always appears happy, confident & very much enjoys her new found independence. my sister has gained another family in her carers and after visiting us or attending family get together, she is always keen to get back to her new home.'*
